Open Gardens

13a + 15a + 17a Simper Crescent
White Gum Valley

November Sat 29 + Sun 30, 2-4pm

Come and see 3 innovative sustainable gardens in the one community setting. Walk down an avenue of Banksias to a unique group of dwellings that combine intimate spaces with open living

The gardens of each home draw upon a zen simplicity, using a blend of coastal natives and hardy exotics, punctuated with playful vertical gardens

The garden designers will be onsite to have a chat
